

Host A Party

On behalf of the abandoned wives, widows and children living in the remote villages of Eastern Uganda. Plan a party alone or with a friend; at your home, church, school, office or in your community. It's a simple but effective way to make a difference and have fun at the same time! For your help, after adding the total of all of the sales you get to keep 10% of the total amount sold in free products. It's our way of saying thanks for helping us spread the word about this vital project. We are all about "Women Helping Women" and changing lives!

Step 1:

Decide when, where, & who to invite to your party or have multiple showings, then e-mail me the date and time. I'll send the completed invitations & other details needed. Successful parties include:

- An information packet that includes our inspirational DVD, 2011 Project Goals, brochures & handouts.
- Step by step instructions on how to host your party.
